POSITION OVERVIEW - The United District Court for the District of Alaska is accepting applications for an Information Technology Technician II. The U.S. District Court serves as the federal trial court for the State of Alaska. There are three staffed divisional offices located in Anchorage, Fairbanks, and Juneau. This position is part of the consolidated Information Technology Department and provides services for United States Probation and Pretrial Services and United States District Court.

REPRESENTATIVE DUTIES

- Serves as a tier one technician for service desk operations including answering phone calls, servicing electronic requests, maintaining clear and consistent communications, and developing documentation of events and related actions.
- Provides technical support and assists in the maintenance of computer systems, mobile devices, courtroom technology, and audio/visual systems, including software and hardware additions, moves, and changes.
- Monitors new developments in computer hardware, software, and data communications capabilities, and advises court managers and other technical experts within the court system of available options and their potential applications to court needs.
- Provides technical support for administrative and operations specific national applications. Maintains version applicability and local functionality of user applications, such as: MS Windows, MS Office, Sharepoint, Adobe, and Microsoft Exchange.
- Serves as a tier two technician for service desk operations including assessment of complex problems, researching solutions, supporting network/database/systems administrators, and managing new initiatives for the court.
- Monitors the current status of all core district assets and communicates with appropriate technicians when systems need attention.
- Manage department inventory of hardware and software, and ensures only licensed copies of software are in use.
- Troubleshoots devices at the hardware level, such as serial or hardware device level interfaces.

- Develops and maintains local court technical and user documentation for all assigned systems.
- Develops, documents, follows, and maintains standard operating procedures.
- Receives, installs, and tests new hardware and updated software releases of network operating systems prior to implementation in production environments.

QUALIFICATIONS

The successful candidate must be a high school graduate and have at least two years of specialized experience or relevant accredited college or university IT course work. Applicants may substitute relevant IT related course work or specialized training completed in accredited or non-credit programs provided that the total classroom hours can be documented and are supplied in the application packet or attachments. A bachelor's degree in an IT related field is preferred. Specialized experience is defined as progressively responsible technical experience that is in, or closely related to, the work of the position and which has demonstrated the particular knowledge, skills, and abilities to successfully perform the duties of the position to include the following:

- Person-to-person IT customer service and support;
- Direct interface with maintaining an automated service desk system;
- Experience managing server and network technologies;
- Hardware maintenance, troubleshooting and configuration in an enterprise setting;
- Software installation, maintenance and support; and
- Must have a professional demeanor, be self-motivated, hold themselves accountable to high professional standards, and possess excellent time management and organizational skills, as well as strong verbal and written communications skills.

PREFERRED QUALIFICATIONS

- Experience configuring, managing and troubleshooting A/V equipment and video conferencing systems;
- Knowledge of IP telephony systems, local area and wireless networks, experience with inventory management and control;
- A+ Computer and A+ Security certifications.

BENEFITS - The United States District Court and United States Probation & Pretrial Services Office falls within the Judicial Branch of the U.S. Government.
